TECHNICAL INFORMATION

Color	Green
Odor	Odorless
pH	12 - 13
State	Liquid
DOT	Not Regulated by DOT

Gutter Brite is a premium residential gutter cleaner, brightener, and oxidation remover. Gutter Brite will remove black streak, oxidation, and other tough-to-remove soils from gutters and other residential surfaces without damaging paint, when used as directed. Gutter Brite is designed for the professional to be cost effective and highly efficient. 1 quart of Super Concentrate makes 2 to 4 gallons of ready-to-use cleaner.

DIRECTION FOR USE:

Depending on the severity of the soil, Gutter Brite can be a touchless spray on and rinse, or if needed a light agitation with a soft brush. First rinse the dirt off of the gutter with a garden hose or a pressure washer. Wet all surfaces beneath the gutters including plants and shrubs. Apply Gutter Brite ready-to-use product with a low pressure sprayer. Gutter Brite Super Concentrate's ready-to-use dilution can be used for house washing utilizing a down stream chemical injector and a pressure washer. In any application rinse thoroughly from the top to all the way down without letting any solution dry.

Mixing: Do not use Gutter Brite Super Concentrate undiluted on gutters or houses. Follow the directions for use.

1:15 Light Duty (1 quart yield 4 gallons)
1:10 Medium Duty
1:5 Heavy Duty
