20332-55	55 Gallon Drum	520 lbs.

*Most products available in totes. For alternate packaging, contact ITD.

TECHNICAL INFORMATION

Color	Yellow
Odor	Lemon
pH	9 - 10
State	Liquid
DOT	Not Regulated by DOT

Lemon Dancer Bleach Enhancer is a non-hazardous bleach friendly additive with a pronounced fresh lemon scent designed to mask bleach odors. Thick lemony foam generated with your bleach cleaning solutions will enhance the cleaning process saving time and expense. Thicker foam will aid in extending the contact time of your sodium hypochlorite "bleach" to cling on to roofs, walls, etc. Lemon Dancer Bleach Enhancer contains an extra penetrating surfactant to accelerate a more effective advanced bleach cleaning along with a pleasant lemon scent that pleases both the applier as well as the home owner. Can be used with most house and roof cleaning solutions, with or without bleach.

DIRECTIONS FOR USE:

Depending on desired foam and thickening action, use 1-8 oz. of Lemon Dancer per gallon of bleach/water mix, however applied. Begin with 1 oz. per gallon and increase to desired foam profile and thickness. Do not overuse product - if mixed too strong, solution may become difficult to pull from containers and difficult to rinse from surface. Do not allow product to mix and store with bleach for long periods of time – use mixed product within one week.
